Experience

[Topicly](#)

Web-Developer

United States of America

I am a Web Developer and Database Management at Topicly where I help create websites along with the Team of Developers and manage Database for the organization.

[Schoolhouse.world](#)

Academic Tutor

United States

I am an Academic Tutor and also part of the Social Media Team and SAT onboarding Team. As an Academic certified tutor I tutor AP Calculus, Pre-Algebra, AP Stats, Computer and SAT Math Bootcamps, with honorary certifications with SAT Math Prep, and AP Chemistry.

Along with that, I am a Graphic Designer within the Social Media Team at schoolhouse.world where I enhance online presence & engagement via posts (ex: Instagram). As a key member of this team, my role revolves around the creative & strategic use of graphic design to communicate schoolhouse mission of providing free, high-quality education to students worldwide, familiarity with the Schoolhouse.world.

I am also part of SAT Onboarding Team where I guide certified SAT tutors through the SAT Boot Camp Curriculum and as a Team member I host Onboarding sessions where I make tutors comfortable to host here SAT Bootcamps, later complete Peer reviews and provide Tutor Support throughout the SAT Bootcamp.

**Humanity Rising
Innerview Manager
United States**

I manage Humanity Rising's Student outreach by creating, posting, and advertising them throughout Innerview. I also promote student engagement by collecting data through surveys and introducing new opportunities for youth of all ages to participate in the Humanity Rising program.

**Excelerate (Sponsored by Illusions Institute of Technology)
2 months**

**Project Management Intern June 2023 - July 2023 (2 months)
United States**

As a Project Lead, I managed the Team and have learned various aspects of project management, such as creating project plans, defining project goals and objectives, developing timelines and schedules, coordinating tasks and resources, monitoring progress, and communicating with Project Heads. Also gain experience in risk management, problem-solving, and teamwork.

**Excelerate (sponsored by Saint Louis University)
Cyber Security Intern June 2023 - July 2023 (2 months)
United States**

As a Project Manager, I've learned various aspects of project management and cyber-security. I managed the Team for creating the Virtual Machine, including developing timelines and schedules, coordinating tasks and resources, monitoring progress, and communicating with Project Heads. My main goal was to create a Virtual Machine (VM) equipped with advanced security tools and controls for organization-wide use. This experience honed my skills in threat analysis and cybersecurity, contributing to my professional growth.

Honors/Awards

2022-23 National Community Service Ambassador Award

Issued by United Nations Association of United States of America · Apr 2023
Awarded for 100 + volunteer hours completed in 2022-2023

2023-24 CyberStart America Bronze Award

Issued by CyberStart America · Oct 2023
Awarded for mastering the basics of cybersecurity, and has demonstrated skills in problem-solving, lateral thinking, and basic use of browser developer tools.

2023-24 CyberStart America Silver Award

To earn this badge, a student must be registered to the CyberStart America program, and must gain at least 50,000 points in CyberStart. This achievement shows that the student has made good progress in a comprehensive breadth of skills, demonstrating strong traits to succeed in further cybersecurity training. Topics they have studied include: ciphers and codes, password security, ethical hacking, and Linux.
